RE: Summer Co-Op 2018

Mac Ware:

I am requesting your assistance in locating current students that are interested in a summer Internship/Co-Op position for 2018 with Cahill Construction, Inc. The position would involve working directly with the estimating department in our Columbus, OH office. Their work load would include assisting the estimating department on bidding retail construction projects across the United States and Canada. They will work directly with myself and the chief estimator in bidding and purchasing of projects. We are looking for self-motivated and organized individuals with good communication skills. Please have any interested candidates contact me by email with a resume and contact information.

Sincerely,

—
MARK BENSMAN
