Wingfield Crop Insurance is an Equal Opportunity Provider
The main program starts with the General Session at 8:50 Tuesday (10 minutes earlier than usual). At the start of the session, the Ohio Certified Crop Adviser of the Year will be named and the Ohio Farmer magazine will honor two new Master Farmers. Lee Briese, an award-winning Crop Consultant from North Dakota will be our General Session speaker. Topic: Details Matter. He will present two more talks in the Chapel: Herbicide/cover Crop Interactions and Transitioning to a No-Till System. Sjoerd Duiker, an OSU PhD graduate in Soil Science, now at Penn State University, will also give three presentations: Moving to No-till; Dealing with Poor Soil Structure and Soil Compaction; and Repairing Ravaged Soils.

Two full-day concurrent sessions will begin at 8:00 a.m. Cover Crops and Soil Health will be in the Chapel, and Nutrient Management in Room B. The session in the Chapel will break at 9:15 for Lee Briese’s presentation.

Starting at 10:30, four concurrent sessions take over. The Tuesday program includes Crop Management and Precision Technology and Hemp, plus Forage Cover Crops. The sessions will end about 5:30 p.m.

The Wednesday lineup of concurrent sessions includes: Crop Management and Precision Technology; Managing Cover Crops; Water Quality; and Building on Ohio No-till Success. The Crop Covers and Water Quality sessions start at 8:00, the Crop Management session starts at 8:30, and the No-till session at 10:50. Sessions will end about 4:30 p.m.

CCA credits will be available, with an emphasis on Soil & Water, Nutrient Management, and Crop Management. We expect 400 crop consultants to attend.

Our primary audience is farmers, but we provide CCA credits as an extra benefit for crop consultants. Certified Livestock Manager (CLM) credits will be available. Details will be posted in February.

The full program is online at: ctc.osu.edu. Look for changes/additions in speakers and topics. Also, connect with us on Facebook: Conservation Tillage and Technology Conference.

Certified Crop Advisers (CCA)
The preferred sign-in during each presentation will be by an app on your smart phone. Limited sign in sheets will be available. (Links to download an app are at: ctc.osu.edu)
