Lawn Mower Clinic

Bring your mower in, have it serviced
and pick it up the next week.

Drop-off

Wed, Mar. 2 - Fri, Mar. 4

Times: 7:15am-9:15am

and 4:00pm-6:00pm

Or Sat. Mar. 5 8:00am-12:00pm

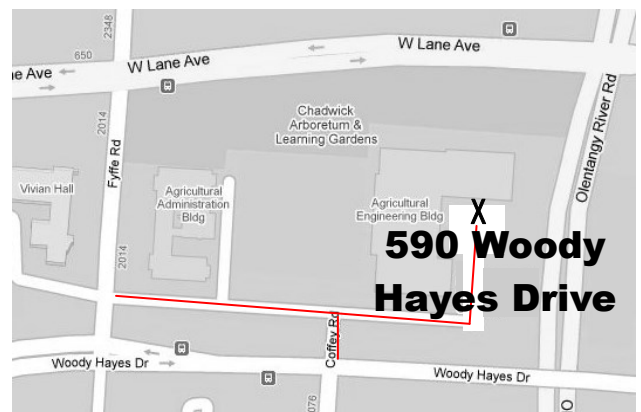

Pick-up

Mon, Mar. 7– Tues, Mar.

8 Times: 7:15am-9:15am

and 4:00pm-6:00pm

**Drop off and pick up
mowers in the Agricultural Engineering
Building Courtyard**

Spring is just around the corner and the Construction Systems Management and Agricultural Systems Management Clubs of Ohio State are joining together to provide preventative maintenance service to your “push” lawn mower.

Services include:

- Oil change
- Spark plug replacement
- Cleaning under mower deck
- Sharpening the blade

All for the cost of \$40.

Mowers must be in running condition to be serviced. We will not be providing additional repairs as we have done in the past. If extra repair work is needed, our technicians will refer you to a local repair business.

Sorry, no reel mowers, garden tractors, or riding mowers. Also we are not prepared to do major repairs on equipment. Therefore we can only accept machines that are operational.
