

# The OSU Construction Systems Management Club

Invites you to tour the NRDT project that is underway on north campus!

**When:** Wednesday December, 10th at 5:00 PM, the “reading day”

**Where:** Halloran House, a map is attached.

**Why:** For an opportunity to see structural components before they will be covered up, and to learn more about the project.

**Who:** YOU! And anyone else interested in construction on campus

PPE will be provided, just wear long sleeves and long pants

We can handle as many people that show up for the tour, most likely split into multiple groups, but please RSVP to Matt Pickerel, [pickerel.5@osu.edu](mailto:pickerel.5@osu.edu), so we can have a general idea of the number of attendees. Thank You!
